○ chairman (ostium Hiroshi kun)

The dates third it will assume agenda. We will request a description of the governor for submitting proposals.

Hajime Mr. Governor Furuta.

◎ governor (Furuta Hajime-kun)

[And described in Gifu Prefecture of political management of the basic policy]

- In six years ago in 2009 and established the "Gifu Prefecture, long-term vision" as a measure of the problem of population decline, it has been carrying out activities on the basis of this.

- For the population decrease problem, Japan Creation conference of 2014 big topic by the announcement of (was

reconstruction from the Great East Japan Earthquake and Tohoku creation, it has been inaugurated private meetings in order to carry out the Japan creating it in the machine) next, (the government of the central government and the country units) population decline and regions activates the government was a top priority even twenty six years established the "town-people, job creation headquarters", "town-people, work Creation Act" was enacted, concrete efforts began.

Corresponding to the "town-people, job creation," ... the development of rapid aging population in Japan, halt the decline in population, it is a positive excessive concentration of population in the Tokyo metropolitan area, it may live in their respective regions to ensure the environment, in order to continue to maintain the Japanese society a vibrant future, one person people have hopes and dreams, the formation of a community that can be engaged in peace the rich life with moisture, is responsible for the community rich and integrally promote that the creation of a variety of employment opportunities attractive in securing and region of diverse human resources individuality

· In light of these things, in the 2015 fiscal year, it is a challenge to the creation "national father-in-law of the clear stream", is larger

Make policy (that of efforts by local governments do become mainly) in the two pillars

Description of the two pillars for the "clear stream of national father-in-law" Creation]

1. for the "clear stream of country father-in-law," making the entire surface of deployment "clear stream of country father-in-law two thousand and twenty Project" (2020 Tokyo Olympic and Paralympic held, to maximize and whole line opening of the Tokai ring motorway as efforts),

- "Clear stream of national father-in-law" brand of attractive calling

And activities to actively sports

· In order to strongly accelerate the promotion "Gifu Prefecture growth and employment strategy" efforts to charm creation of regional,

And strengthening of agriculture, forestry and fisheries

- "Clear stream" preservation of the environment

, Culture and arts promotion of

· Strongly to promote the development of human resources responsible for the future

※ was compiled in the foundation of the opinion in the opinion exchange meeting with people who are representative of Gifu Prefecture growth and employment strategy prefecture industry, basic policy for industrial policy

2. tough to live with peace of mind "clear stream of national father-in-law."

Measures such as people become less of delaying the people and marriage not to get married

- As efforts by efforts medical and welfare of cooperation to pregnancy, childbirth and child-rearing,

And strengthening of the regional medical system

And maintenance and doctors ensure the home care provision system

And welfare enhancement of

• To promote the "Gifu Prefecture toughening plan" care and nurturing and securing of staff as a major policy to the tough live by strongly promoting peace of mind "clear stream of national father-in-law."

And strengthening of disaster prevention awareness and disaster response force

And disaster development of emergency transportation road to function effectively at the time of

And public transportation of maintenance ensure such a purpose

[A description of the proposal such as that submitted to Congress]

Bill that was submitted to this Congress, budget relationship twenty-six cases, ordinance relationship thirty-two cases, other projects in the eighteen cases, a total of seventy-eight reviews

March twenty Gifu Prefecture for seven fiscal initial budget has been escaped from the "bond issuance permit organizations" (indicating the percentage of debt repayment as a percentage of local government revenue "real debt service ratio" is eighteen percent or more of the municipalities), also challenges remain

It - the aging of the measures and to prevent public facilities which may be mentioned the challenges, cost of

security is to start that increased naturally, it is not moderation also supports such as → next year of increase of funds by local governments need It will be the fiscal management to the extent
Scale formic first issue of the 2015 fiscal budget formic until fourteenth No.

→ general account budget is an increase of three consecutive years, the budget scale is also large

General accounting 790.7 billion 90 million yen

Special account 124 100 000 000 80 million yen

Total 914.9 billion 70 million yen

※ to manage the entry and exit of money where there is a special account public charges and usage fees, such as its own revenue that manage the entry and exit of widely done is business money with generally accepted accounting residents

<Overview of key policy>
