※ You can pass by the place where pour the tsunami over.

⑨ March 12, 2011

5:45

The government issues evacuation instructions within 10 km radius from Fukushima Daiichi Nuclear Power Plant. I issued an evacuation order within.

After taking some actions (ex: moving to where you like, staying on the spot), pick up the next card : ⑩.

※ You can pass by the place where pour the tsunami over.

⑩ March 12, 2011

15:36

Fukushima Daiichi nuclear power plant Unit
1 exploded.

Pick up the next card : ⑪.

⑪

After the explosion of Unit 1, evacuation area reached 20 km.

When card ⑨...

- Actually, the place where the dose of radiation was high to need to evacuate people in this game
→ South elementary school, High school
- Actually, the place where the exposure dose was much less.
→ North elementary school, junior high school

(Reason) By the wind, the radioactivity flowed by the seaside

⑫

This simulation game is Fictional fiction story taking 3.11.

The leaflet shows our activities and facts of the situation at the time of 3.11, thereafter what we've done introduce. Please watch it.

Attention) Don't take it home!!

Also, from the QR code, please cooperate with the simple questionnaire!
