Let’s examine the problems in detail!

STEP1 Understanding the problems

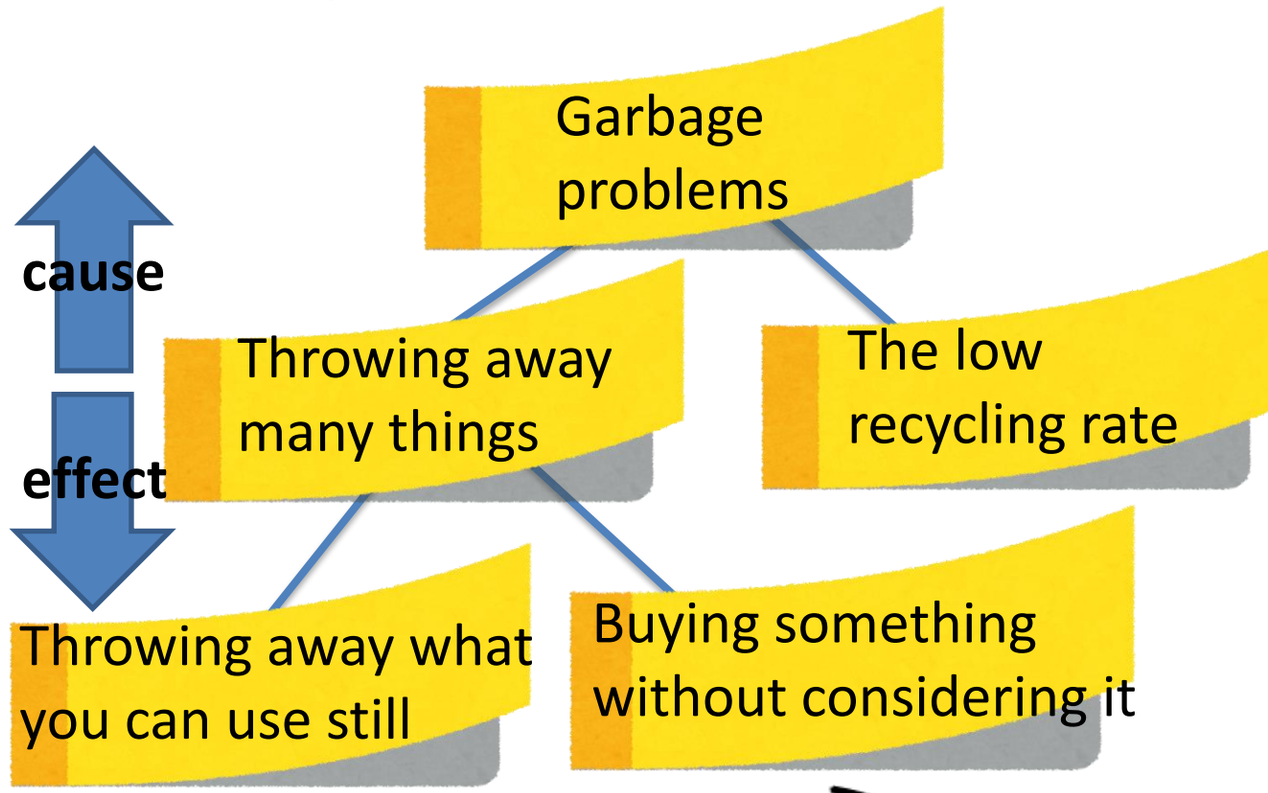
①Write what you are concerned with in this site and the problems of the clothes.

② Pick up what you are most interested in!
⇒（　　）is the most interesting

③Write the words which relate the problem you chose.

STEP2 Organizing the words with your friends

④Write the words you chose on tag sheet with your friends and put in order to be “cause and effect”!

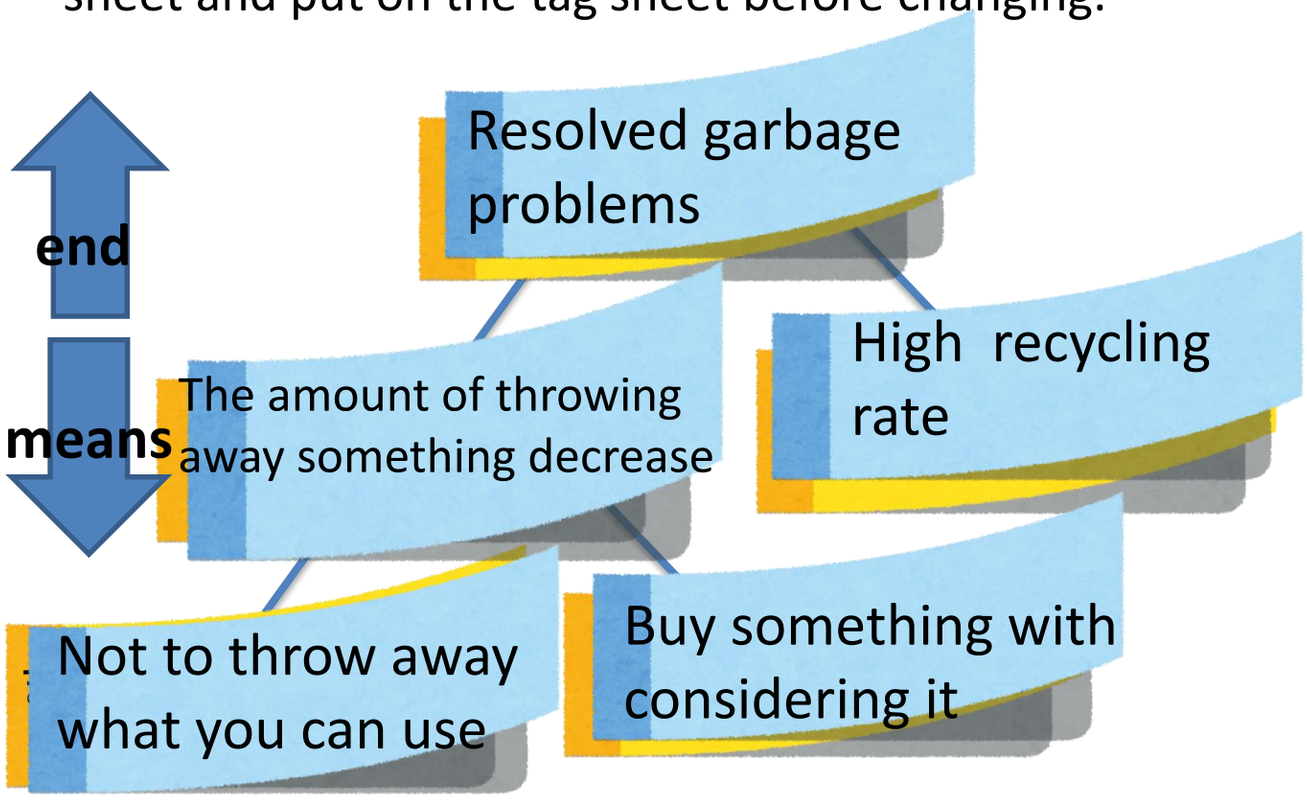


The rules
Write one idea on tag sheet
Write ideas before discussion
Not to deny the idea of your friends
Write the idea in detail

Let’s examine the problems in detail!

STEP3 Analyzing “cause and effect”

⑤Change the problems at ④ to the state of them resolved. And write them on different color’s tag sheet and put on the tag sheet before changing.



The rules
Do from above
When “means and end” are not connected, add new tag sheet

STEP4 Thinking of the solution

⑥ that the farthest down tag sheet in⑤ is the solution.
Taking what you learned in this paper into the consideration, think of the solution of this problem.
