

Our wish

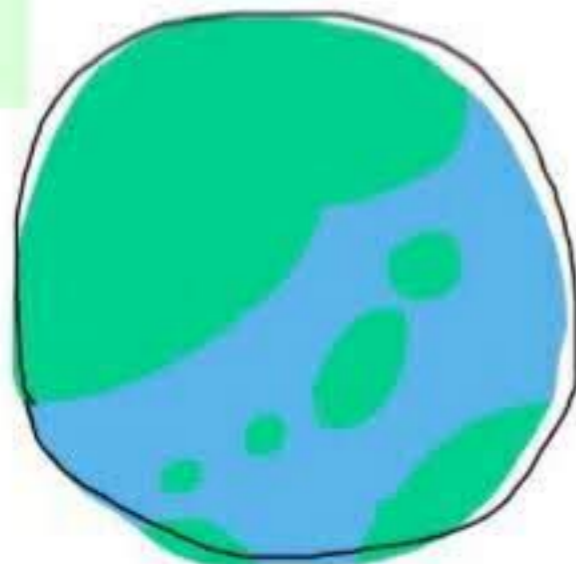

There must be LGBT people who are facing difficulties emotionally and patiently.

We should not think they are different and should interact with them naturally.

We believe that's important.

There are so many things we can start acting now such as avoid making thoughtless comments.

We should create the environment where LGBT people can feel comfortable.

Be proud of who you are

LGBT

~Society to respect individuality~

Introduction

We have thought about the sexual minority group called LGBT who are socially treated unequally. In certain places of the world, even now, people are sentenced to death just because of being in love with other people. If we gain more knowledge about

LGBT

Lesbian

A lesbian is one who emotionally a woman and attracted to women.

Gay

A gay man is one who emotionally a man and is attracted to men.

Bisexual

A bisexual person is someone who is emotionally attracted to people of both sexes.

Transgender

Transgender person is someone whose emotional and physical sexuality are different. Some receive the sex reassignment surgery and others don't.

Diverse sexuality

Sexuality is consisted from 4 main columns.

MENTAL

PHYSICAL

EMOTIONAL

Expressive

Each of us has different sexuality!
